

IN THE NEWS NOVEMBER 17, 2008

READING

Our focus will be determining the main idea and supporting details in the nonfiction pieces that we are reading.

WRITING

We are discovering many different features that we can include in our nonfiction pieces such as: table of contents, index, glossary, diagrams, headings, etc.

MATH

All will be taking the chapter 4 math test this week. Ask your child what they are learning about in math.

FOCUS ON HEALTH FIELD TRIP

We will be traveling by bus on Tuesday, Nov. 18 to South Side Elementary in Kendallville. While there we will learn about being and staying healthy.

SCIENCE FAIR

Participating in the science fair is such a fun way to learn. When doing a project you need to include the following steps: question or purpose, hypothesis, equipment/materials, procedure, result, and conclusion. I encourage everyone to join in.

Please turn in your permission slip this week!

BASKET BRIGADE

Thank you to all who have already donated! The student council is collecting nonperishable items to give to needy families for Thanksgiving. This includes items such as canned goods and paper supplies. These need to be brought in by Nov. 21. Thanks for helping out.

VOLUNTEERS NEEDED

Rome City School will be having a Scholastic Book Fair December 15-19th. If you would like to help out with this please contact the school at 854-3241.

The PTI Christmas store is also in need of volunteers on December 3 and December 4. Thanks for helping out.

Have a cool week!

Mrs. Foote
